ALA India

DIGITAL LEARNING & MICRO-CREDENTIALS

Build Skills. Earn Credentials. Shape Your Future.

What is it?

Digital Learning & Micro-Credentials provide flexible, on-demand professional learning designed to help individuals and organisations build the skills needed for today's workplace and tomorrow's opportunities.

From one-hour just-in-time learning through to 15–30 hour professional programs, micro-credentials, professional accreditation and pathways towards ALA qualifications, learners can build a development journey around their goals.

WHY DIGITAL LEARNING?

LEARN ANYTIME, ANYWHERE

Flexible learning that fits around work and professional commitments.

BUILD SKILLS FOR THE FUTURE

Develop practical leadership, project management and professional capabilities.

EARN RECOGNISED CREDENTIALS

Build a portfolio of digital badges and micro-credentials that recognise professional development.

CREATE YOUR OWN LEARNING JOURNEY

Use skills benchmarking, goal setting and personalised recommendations to focus learning where it matters most.

LEARNING PATHWAYS

1 Hour Learning → Learning Collections → 15–30 Hour Professional Program → Micro-Credential → Professional Accreditation → ALA Qualification

LEARNING THAT GROWS WITH YOU

Start with a single skill and build a professional development pathway aligned with your goals.

SKILLS BENCHMARKING & GOAL SETTING

Assess capability. Identify skill gaps. Set learning goals. Monitor progress.

Digital learning can support individuals and organisations to identify development priorities, personalise learning pathways and build capability aligned with professional and organisational goals.

HOW DOES IT WORK?

Discover
Identify skills and development priorities.

Personalise
Create learning pathways aligned with individual and organisational goals.

Learn
Access flexible, high-quality digital learning when and where it is needed.

Build & Progress
Earn credentials, build capability and progress towards professional accreditation or ALA qualifications.

WORLD-CLASS DIGITAL LEARNING

Access an extensive library of professional learning through ALA's digital learning environment, powered by ALA India Percipio, with learning accessible across devices and available in multiple languages.

Every Learning Journey Starts with a Single Skill.

Whether you're completing a one-hour course, a 30-hour professional program, earning a micro-credential or progressing towards professional accreditation or an Australian qualification, ALA helps individuals and organisations build capability for the future.

Ready to build capability for the future?

Talk to ALA India about an individual or organisational learning pathway.
